USS BATFISH (SS-310) is home from the war! The new Muskogee War Memorial Park at the Port of Muskogee, shown above in consulting engineer's drawing prepared for the Muskogee War Memorial Park Authority, is the permanent berth for USS Batfish. Future plans include a P-T boat and a Sherman tank to flank the famous World War II submarine in the park which is dedicated to men and women who served in all branches of the Armed Services.
